

# 2026 HARDWARE **CATALOG**

# THE PHILOSOPHY

At Align3D, form follows function — but seating hardware does more than secure a system to a chair. A wheelchair is an extension of its user, and every component should improve clinical performance while expressing personal identity.

*Built from 7075 and 6061 aluminum for machined components and 5052 for formed parts; both selected for strength, corrosion resistance, and long service life. Every piece is sandblasted and black anodized.*

*Recommended for back widths 10" to 13".*

### **SYM-BRH-75**

#### **75 Degree Backrest Hook Set**

Sold in pairs.

*Recommended for back widths 14" to 16".*

### **SYM-BRH-70**

#### **70 Degree Backrest Hook Set**

Sold in pairs.

*Recommended for back widths 17" to 19".*

# SYSTEM MOUNTING

## Seat-to-Back Hinge

\$400

Connects the seat pan to the backrest at a fixed seat-to-back angle. Available in four sizes to match seat depth and back height.

### **SYM-STB-52**

5" x 2" Seat-to-Back Hinge

Sold in eaches.

### **SYM-STB-54**

5" x 4" Seat-to-Back Hinge

Sold in eaches.

### **SYM-STB-72**

7" x 2" Seat-to-Back Hinge

Sold in eaches.

### **SYM-STB-74**

7" x 4" Seat-to-Back Hinge

Sold in eaches.

# SYSTEM MOUNTING

## Seat Mounting Hardware

\$148

### **SYM-STR**

#### **Seat Track Bracket**

Sold in pairs.

\$86

### **SYM-SPT**

#### **Seat Pan Tab**

Sold in pairs.

\$148

### **SYM-SPH**

#### **Seat Pan Hook**

Sold in pairs.

# TRUNK SUPPORT

## Mounting Tracks & Swing Aways

**TRS-TST-65**  
6.5" Trunk Support  
Track  
Sold in pairs.

Pivoting lateral trunk supports that swing clear for transfers. Available in two lengths (3" and 4") and two angles (90° and 100°).

**TRS-SW-90**  
90° Trunk Swing  
Away  
Sold in eaches.

**TRS-SW-90S**  
90° Short Trunk Swing  
Away  
Sold in eaches.
